

Dataminr Partner Network

Bring actionable, real-time AI information to your customers

Why Partner with Dataminr?

Dataminr partners enable enterprises to manage operational, cyber, business, and reputational risks more effectively.

Grow with a Proven Platform

Trust in a platform that serves half of the Fortune 100 and was recognized in the Forbes AI 50, Forbes Cloud 100, and Deloitte Fast 500.

Solve Complex Challenges

Empower your customers to improve their security posture and resilience with real-time information.

Accelerate Customer Outcomes

Help customers make better, more informed business decisions faster while reducing risk.

Our Commitment to Partners

Transform your customers' crisis management, business continuity, operational resilience, and security posture by helping them make informed decisions with actionable alerts from Dataminr. Leverage our groundbreaking real-time AI platform to expand your offerings and deliver positive results to your customers. Our goal is a partner network that:

Focuses on you and your customers first

Helps you sell and partner with integrity

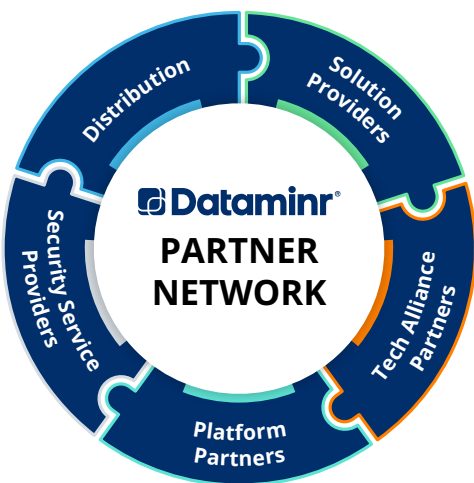

Increases your profitability

Makes doing business together easy

Support for Every Partner
